

City of Decorah
Application for Right-of-Way Work Permit

Date:

Fee: \$25.00

cc Street Dept. and Water Dept.

We hereby make application for permission to make a street cut as set out below and further agree to follow the provisions of Chapter 12.12 of the Decorah City Code in the cutting and repair of any city street in the City of Decorah. It is the applicant's responsibility to comply with the provisions of Chapter 12.12.

Applicant agrees to use OSHA approved barricades.

Applicant hereby agrees to provide temporary patching to the satisfaction of the Street Superintendent immediately following the completion of work for which the street cut permit was issued. The final repair work must be made within thirty (30) calendar days after the initial street cut is made or by an extension granted by the Street Superintendent. Failure to backfill according to City specifications within forty-eight hours of completion of the work may result in the City completing such work and charging such costs to the applicant. Approval of this permit also requires evidence of adequate insurance coverage.
