You have the option to treat the Right-of Way (ROW) ash tree adjoining your property for Emerald Ash Borer (EAB). The treatment would be at your own expense and coordinated by you.

Trees must be professionally treated by IA Commercial Applicator who is verified and licensed by the IDALS. Treatments is not permissible for ash trees under power lines or that have utility conflicts.

Treatments and assessments will need to be done annually or following best recommended practices by following product labeling.

After submitting this application and appropriate documentation the tree will be assessed by City Forester. Unsound or heavily infested trees will not be accepted.

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED
