

Decorah MetroNet
28E Tech Committee Meeting

February 15th, 2018
11:30am
Decorah City Hall Council Chambers

Members attending:

Kurt DeVore
Chopper Albert
Paul Mattson
Jon Lubke
Brian Lensch

Others in attendance:

Steve Smith
Adam Forsyth
Jim Schwan

Discussion on IP changeover and IP scheme Jim O'Regan sent out to DMN members. DMN members present noted general support for changing how IP's are allocated. The tech committee will work on setting another tech meeting to develop a scope of work for a vendor to assist in moving the remaining DMN members onto the new IP scheme.

Discussion on network management was an open discussion and will be continued at a future tech meeting. Conversation focused on network management and noc monitoring. O'Regan brought up looking into Microsoft Azure for monitoring. Albert said he would look into that option.

Other Business

Albert asked if other MetroNet members would be interested in collaborating on purchasing of PRI circuits. There was brief discussion on the topic and all noted the conversation should be continued.

There being no other business, the meeting adjourned at 1:10pm.

Respectfully submitted
Chopper Albert
