

Historic Preservation Award

The Decorah Historic Preservation Commission recently presented its annual Historic Preservation Award to volunteers Norb Bohr and Pete Meyer and to the Decorah Street Department for their ongoing maintenance of the brick paving on Court Street in downtown Decorah. For several years, Bohr and Meyer have helped maintain the 100-year-old brick paving on Court Street. They have been assisted by the Street Department, led by Department Commissioner Kevin Nelson. The Court Street paving joins the 127 downtown buildings that will be voted on by the State Nominations Review Committee June 8. A federal Department of Interior vote is expected in early fall 2017. Above, from left, are Commission member Tony Clarke, members of the Street Department Cory Syverson, John Holm and Nelson, and Bohr and Meyer. (Submitted photo)
