There was general committee discussion on proposed Internet Protocol changes. The proposed RFP was discussed and approved to publish. There were minor changes to the dates and in some aspects of scope of work coordination and timing.

There was also general conversation regarding proposed AcenTek Fiber lease. It was noted the IRU lease has still not been received from AcenTek.

The committee discussed a proposed new Hawkeye Telephone IRU with the Metronet. This would generally run from Gunderson to Emerald Drive, East along Hwy 9.

In other business, the committee discussed network updates on the routers.

There being no other business, the meeting adjourned at 1:02pm.

Respectfully submitted
Chopper Albert
