The City of Decorah Street Committee met on Monday, August 19, 2019 at 5:00pm. Chair Ross Hadley called the meeting to order.

Emily Neal, Kirk Johnson, and Randy Schissel were present.

Others in attendance: Mayor Lorraine Borowski, City Engineer Jeremy Brill, and City Manager Chad Bird.

Agenda

Discussion on 2020 Locust Road Improvement Project and professional services

Bird introduced Jeff Schug and Bhooshan Karnik from McClure Engineering to review the proposed professional services agreement. Bird noted the agreement is for the design through bidding process and does not include construction administration. He also noted the project is proposed to complete improvements from North Street and College Drive to Pine Crest with the section further to Highland Drive bid as an alternate which would be approved should funds allow.

There was a question about the federal funding and Bird noted he would follow up with Upper Explorerland Regional Planning Commission on those details.

There was general discussion about the project.

There was no other business and the meeting adjourned at 5:15pm.
Respectfully submitted,
