

IOWA DEPARTMENT OF HUMAN RIGHTS

April 24, 2020

We are here to help.

COVID-19 has affected various aspects of life for Iowa residents, communities, and businesses. Information surrounding COVID-19 is rapidly changing and can be overwhelming. To help Iowans navigate information, the Iowa Department of Human Rights has compiled some resources about health and safety, language access, food, employment, grants, and more. We hope these resources will help Iowans stay safe, healthy, informed, and resilient during these challenging times.

Increasing COVID-19 Testing for Iowans

Iowa Governor Kim Reynolds launched a new initiative called TestIowa to help more Iowans get tested for the coronavirus and to limit its spread. The process for TestIowa is free and works in three steps:

1. **Assess.** Answer some questions online about yourself and your health at this website <https://www.testiowa.com/>. The questions are available in English and Spanish.
2. **Test.** If testing is needed, you will be scheduled for a free drive-through test. You will receive the date, time, location, and instructions.
3. **Track.** If you test positive for the virus, you will be asked to answer more questions to help prevent spreading the virus. You may be asked where you have traveled recently and who you have been in contact with.

To view the press release, visit: <https://governor.iowa.gov/press-release/gov-reynolds-launches-test-iowa-initiative-to-expand-testing-capacity-to-limit-the>.
