May 19, 2021

Weekly Joint Planning Team Vaccine update:

All Winneshiek County healthcare partners are looking for children aged 12-15 years old who would like to receive the Pfizer COVID-19 vaccination. All parents wanting their children in that age bracket to receive the Pfizer COVID-19 vaccination are strongly encouraged to reach out to their medical provider or pharmacist and register their children today! All local medical providers and pharmacists are accepting children aged 12-15 years old.

**Don't Delay – Vaccinate Today!!!!**

The CDC is still recommending the use of face coverings while in a healthcare setting environment. Please respect this recommendation and continue to wear a face covering when visiting your local healthcare provider or pharmacist.

**FACE MASK  
REQUIRED**
