Covid-19 vaccine injections to be offered at the FAIR

Winneshiek County Public Health will be offering Covid-19 Pfizer vaccinations for ages 12 and over on Friday, July 16th from 1-3 p.m.

This will be held at the Winneshiek County Fair on the southwest side of the New Community Building.

If you have not received your vaccination, now is the time to do so. Getting fully vaccinated helps to fight against the variants that are now present and protects not only you but those around you.
