

Street Committee Minutes

City Hall Council Chambers

Monday, June 21, 2021

5:00 pm

Agenda

Chair Hadley, Neal, Johnson, Schissel

1. Discuss potential code updates to include references to SUDAS/ProWag
Discussion was held on the use of sidewalks for merchandise display and dining. City staff advised the red stamped brick is not ADA compliant. There needs to be a 4' unobstructed path for pedestrians. It was noted city code will need to be changed to comply with this. Council directed staff to come back with a formal recommendation for use of sidewalk for merchandise display/dining.
2. A transition plan update from staff
Short discussion was held on the ADA transition plan. Hemesath advised one was done in 1993. She advised this was clearly out of date and not in compliance with changes over the years. She will get a copy to City Engineer Bril for review.
3. Other business

Streets, Alleys, and Sidewalks - *Hadley, Neal, Johnson, Schissel

Review issues related to streets, sidewalks alleys and other concerns related to the street department. Reviews plans for the growth, improvement, and maintenance of the street system including capital improvements programming, annual projects and requests. Street related improvements generally include those whose construction, acquisition or maintenance costs may be funded with Road Use Tax (RUT) funds and / or Local Option Sales Tax (LOST) revenues.
