

Decorah City Council  
Street Committee  
City Hall Council Chambers

Tuesday, September 7, 2021

**Agenda**

*Chair Hadley, Neal, Johnson, Schissel*

1. Seasonal parking

*Discussion was held on a seasonal, snow parking plan. Suggestion: From Nov. 1 to April 1, Alternate side parking - even days, even number side of the street – odd days, odd numbered side of the street.*

*This should assist with snow plowing and allow for staff to be able to keep the curb/gutter areas free from snow/ice build-up.*

*Suggestion was made to include Oct 1 to aid in ease of leaf pick-up and to give residents a chance to get used to the odd/even day parking schedule.*

*General consensus for staff to prepare a proposed ordinance for council consideration.*

**Streets, Alleys, and Sidewalks** - \*Hadley, Neal, Johnson, Schissel

Review issues related to streets, sidewalks alleys and other concerns related to the street department. Reviews plans for the growth, improvement, and maintenance of the street system including capital improvements programming, annual projects and requests. Street related improvements generally include those whose construction, acquisition or maintenance costs may be funded with Road Use Tax (RUT) funds and / or Local Option Sales Tax (LOST) revenues.
